

50CM FLEXI BEND

(ABSLG034 - 25mm)

BISSON
THE PIPE FITTINGS EXPERTS

Designed for use where a standard 45 or 90 degree bend is not practical to use, manufactured using wire reinforced tubing to avoid the possibility of kinking and therefore rendering the system out of use.

Installation Instructions:

Use the correct solvent Plusbond 3019. Do not paint. Keep pipe clean and free from dust. Do not install in direct sunlight. Only install with approved pipe. Do not use solvents to clean, only soapy water.
