

WATER TRAP

(WT-01/25 - 27mm)

BISSON
THE PIPE FITTINGS EXPERTS

Used in an environment where there are constant temperature changes, which causes condensation in the system, typically in a chill store or a room that is open to the atmosphere, the water collects in the bottom of the clear plastic tube, which can be drained at will. For potential larger water volumes the condensation trap should be used.

Installation Instructions:

Use an ABS Pipe cement. Do not paint. Keep pipe clean and free from dust. Do not install in direct sunlight. Only install with approved pipe. Do not use solvents to clean, only soapy water.
